

Faculty of Civil and Environmental Engineering

Study programme:	Spatial Economy	Degree level: full- Bachelor's degree time programme:B2		
Specialization	common module English	Diploma path: -		
Module name:	English GS1101A			
Module type:	obligatory	Semester: 1	ECTS 2	Module ID:
No. of hrs in semester:	L -	C - 30	LC-	P- SW- S-
Prerequisites:	Complete with prerequisites or "-"	Command of English on B 1 level		
Forms of teaching	class	Assessment:	Evaluation must be relevant to the intended learning outcomes	
		Class - two tests, verification of preparation for classes, oral presentations		
Aims and objectives:	Basic studies of English grammar. Preparing oral and written presentations. Further ability to communicate orally in everyday situations. Using professional vocabulary in obtaining information concerning the field of study.			
Module content:	Topics: systems, processes. Grammar: Simple Present versus Present Continuous, relative pronouns, imperative mood, passive voice			
Teaching methods:	Combined methods: audio-visual, communicative with task-based learning, cognitive with elements of grammar translation method; exercises, discussion;			
Learning outcomes	The student who has completed the module:		Relevance to the programme learning outcomes	
LO1	has basic knowledge of English grammar		K_U03	
LO2	can present his profile		K_U03	
LO3	can use English to communicate		K_U03	
LO4	can obtain the basic information from literature		K_U03	
learning outcomes	methods of assessing learning outcomes		type of class (if more than one) where the outcomes are assessed	
LO1	written test, written homework assignments		C	
LO2	checking oral homework assignments, discussion in class		C	
LO3	evaluating assignments oral homework assignments, discussion		C	
LO4	evaluating oral homework assignments, discussion in class		C	
student workload				
	participation in classes			30
	preparation for classes			5
	preparation for and participation in exams/tests			20
			TOTAL:	55
quantitative	Student workload - activities that require direct teacher participation		35	ECTS
				1,5

indicators	Student workload - practical skills activities	55	2
